Hackney Ladish Price Sheet Announcement

To Our Customers,

The domestic market continues to normalize with pricing on transportation and raw materials. Due to these decreases, we will be adjusting our price list to pass along the savings to our customers. Beginning Tuesday, November 1, please use Hackney Ladish price sheet – HL 11-22 which can be found on our website http://www.hackneyladish.com. Most products will average a 10% decrease, except for weld caps, which will not change. The price sheet will be available on our website no later than November 3rd.

We will continue to competitively source our raw material purchases to provide the best pricing of high-quality domestic fittings to you, our valued customer.

Thank you for your continued support of Hackney Ladish.

Bruce Rust
General Manager
Hackney Ladish
